TABLE COVERS

When choosing a table cover
have you considered…

- **SIZE** - What size is your table?

- **FABRIC/MEDIA** - What type of material are you looking for?

- **FREQUENCY** - How often will you be using your table cover?

- **USE** - Will people be sitting at the table, or will it be used to showcase merchandise or promotional materials?

- **MESSAGE** - Do you want a logo printed on the front, or would you like a design that covers the entire throw?

RETRACTABLE BANNERS

When choosing a retractor
have you considered...

- **USE** - Will this product be used on a floor or on a tabletop?

- **FLEXIBILITY** - Will your graphic be permanent, or will you be swapping it out frequently?

- **FREQUENCY** - How often will your retractor be set up and taken down?

- **LOCATION** - Will your retractor be used indoors or outdoors?

- **MESSAGE** - Do you want a single-sided or double-sided display?

RCAT CERTIFIED
Retractor Calibration Assessment Test

AMERICA'S FINEST RETRACTOR

To guarantee superior quality, we have developed an RCAT (Retractor Calibration Assessment Test) machine that assesses retractable banner components. Each retractor is tested and rated to a minimum number of times it will extend and retract with normal use, helping you find a retractor that meets your exact needs. The RCAT rating certification lets you have confidence in your retractable banner display, no matter which one you choose.

BANNER DISPLAYS

When choosing a banner display
have you considered...

- **LOCATION** - Where will your product be displayed?

- **MESSAGE** - Do you want a single-sided or double-sided display?

- **TRANSPORT** - Will your display be stationary,
  or will it be moved from place to place?

- **LONGEVITY** - How long will your message be displayed?

FRAMEWORX BANNER DISPLAY
AN EYE-CATCHING FRAME THAT REALLY WORX.

FrameWorx Stack can also be used as an apparel rack if the bottom banner is removed. Bar supports up to 10 lbs.

Tension springs keep the banner centered and taut.

Each tension spring features a double-sided hook so you can hang one banner or two.

Select frames available in black or silver.

Fold-out feet for a small, stable footprint.

BANNER MEDIA

TITAN™ 13 OZ. SMOOTH SCRIM VINYL

This smooth vinyl material is ideal for high-quality graphics and indoor use.

TITAN™ NO-CURL OPAQUE FABRIC

High-quality fabric that prevents curling. Silver backing makes it opaque.

400 DENIER POLYESTER

The same durable material we use for our tent canopies.

FrameWorx Tabletop Banner Display

We also offer a smaller FrameWorx display designed for tabletop use.

For best results, push swedge poles into the ground and hold the top half of each side to keep it taut.

Hook-and-loop fasteners are strong enough to hold the two panels together but make the banner easy to burst through.

TEARAWAY BANNER

Create a grand entrance at sporting events with a Tearaway Banner. Burst it apart and put it back together again!
- Artwork is printed on polyester knit
- The tearaway banner is made of two panels that attach to one another using hook-and-loop fasteners
- Each panel features a 3" pole pocket along the edge; pole pockets are closed at the top to prevent the banner from sliding down the poles
- Double-needle hem along the non-pole-pocket edge
- Banners used outdoors have a 90-day warranty; banners used indoors have a 1-year warranty

U.S. FLAG

Let your patriotism fly high with these beautifully constructed heavyweight flags.
- Flags are constructed of the finest nylon or special woven two-ply polyester
- Nylon flag fabric is dyed with UV protected fade-resistant inks for longer-lasting colors with seamless transitions; best for outdoor use
- Flags feature hand-sewn stripes for an authentic high-quality flag
- Superior wearing quality dries quickly and resists fading
- Flags used outdoors have a 90-day warranty; flags used indoors have a 1-year warranty

Fly end is finished with 4-row lock-stitching.

Flags up to 6'x10' are finished with a white canvas header and brass grommets; 8'x12' and larger are finished with a rope and thimble header.

Flags utilize a quarter-inch turn-in on all seams to reduce fraying.

Flags feature full white embroidered stars, no gaps.

10' TENTS - MOST POPULAR SIZE

Wind Test Assessment - All of our tents are rated to withstand winds up to 25 mph. We recommend ground stakes with rope and two steel ballasts or one water weight per leg.

Disclaimer: Wind rating conducted in a controlled environment. Outdoor products should be taken down if bad weather is likely. Wind gusts and heavy rain could reduce the wind resistance of these products.

TENT CANOPY

1 YEAR PRODUCT WARRANTY — Canopies covered by a one-year warranty.
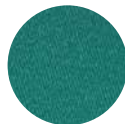

Constructed of durable 400 denier polyester.

OUTDOOR — 50+ UV protection and weather-resistant.

FR RATED — Flame retardant treated (FR rated for exhibit halls).

PARADES & EVENTS

When choosing a parade or event product
have you considered…

- **CONTEXT** - What kind of image are you trying to convey at your event?

- **LONGEVITY** - Do you plan to use the product more than once?

- **SIZE** - How large is your event space?

- **AUDIENCE** - How many people are you trying to accommodate?

- **WEATHER** - Will your event be indoors or outdoors?

SIGNAGE

When choosing signage
have you considered...

- **LOCATION** - Will your sign be used indoors or out?

- **LONGEVITY** - How long will your sign be displayed?

- **FLEXIBILITY** - Will your message be permanent, or will it change frequently?

- **TRANSPORT** - Will your sign be stationary, or will you be transporting it from place to place?

HOW IT WORKS

THE FRAME

Hardware extrusions are composed of sturdy aluminum.

Joints are labeled for easy step-by-step frame assembly.

Tighten screws with hex wrench.

Light It Up!

Adding lights to your display creates a soothing, attractive glow and is perfect for grabbing attention.

THE GRAPHICS

An SEG, or Silicone Edge Graphic, is a fabric graphic lined with a silicone strip. With a quick press of your thumb, the fabric's gasket edge is pushed into channels on the frame for a taut fit that gives the display its sleek appearance.

CHANGING YOUR MESSAGE

GRAPHIC & PRINT GUIDELINES
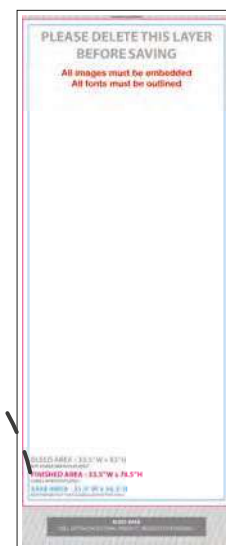

PRODUCT TEMPLATES

Templates ensure artwork is printed correctly. Always use the most recent templates, which can be found in the "Graphic Templates" tab on each product page of our website.

- Do not leave template lines in artwork
- Templates are available for custom products/ orders upon request

Save TIME, MONEY and HASSLE with templates specifically created for each product.

BLEED AREA - 33.5"W x 85"H
NOT VISIBLE WHEN DISPLAYED
FINISHED AREA - 33.5"W x 78.5"H
VISIBLE WHEN DISPLAYED
SAFE AREA - 31.5"W x 76.5"H
KEEP IMPORTANT TEXT/LOGOS WITHIN THIS AREA

BLEED AREA
WILL NOT SHOW ON FINAL PRODUCT

PLEASE DELETE THIS LAYER BEFORE SAVING
All images must be embedded
All fonts must be outlined

Each template includes file setup specs for sizing your artwork, including the bleed, finished and safe areas.

PRINT METHOD	ACCEPTABLE FILES	FILE FORMAT	PRINTING SPECIFICATIONS
Full-Color Imprint	Vector with fonts outlined	Adobe Illustrator .ai .eps .pdf	- All files are printed in CMYK (process color); PMS (spot) colors and RGB files will be converted to CMYK prior to printing - Halftones/percentages of PMS colors and contained gradients are acceptable - Minimum line thickness 0.125" (8-9 pt. stroke) - Minimum of 0.25" width and height on all individual elements - Minimum of 0.5" x 0.5" for all registered trademarks, trademarks, copyright symbols, etc.
Full-Color Inkjet & Full-Color Dye Sublimation	Vector with fonts outlined and links embedded Raster	Adobe Illustrator .ai .eps .pdf Adobe Photoshop (High Resolution) .tif .psd .eps .pdf .jpg	- **Use product template to set up print-ready artwork** - All files are printed in CMYK (process color); PMS (spot) colors and RGB files will be converted to CMYK prior to printing - Full-color artwork including gradients, raster/photo images and bleeds - Raster images must be created at actual size with 200 dpi resolution - Minimum of 24 pt. reversed-out text - Minimum of 12 pt. regular text - Minimum line thickness: 1 pt. regular text, 2 pt. reversed-out text

VECTOR ART
(Recommended for all products)
- Can be scaled to any size while maintaining quality
- Known as line art
- Vector artwork is preferred (unless printing photos)

.eps, .ai, .pdf

RASTER ART
- Known as bitmap art
- Composed of pixels (or tiny squares) grouped together to make one complete image
- When scaled larger, the image will look pixelated (or jagged)
- Submit art at 200 DPI (dots per inch)

.tif, .psd, .eps, .pdf, .jpg

OUTLINED FONTS
(Required for all products)
Font selection can vary from computer to computer, which can cause a desired font to be replaced with a generic one. To preserve your fonts, always outline, embed, or convert them to curves before submitting artwork.

Original font

Missing font replaced with a generic one

Original font when outlined, embedded or converted to curves

200 DPI

10 DPI

High resolution images include:
Unedited, original raw digital photos and stock photos

Low resolution images are:
Photos taken from the internet, scanned images, photos taken on a cell phone, screenshots, etc.
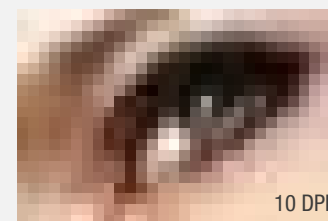

EMBEDDED IMAGES
(Required for all products)
Most programs allow the user to add an image to a file by linking or embedding. Embedded images are stored within the document itself, while linked files are not. Because of this, linked files can suddenly vanish when opened from a different computer. Embed all images to avoid losing them when files are submitted.

UNACCEPTABLE FILE FORMATS:
Quark, Corel Draw, Word, PowerPoint, Excel, Publisher, Pagemaker, low-resolution scanned images. (InDesign files, unless exported to .eps or .pdf format, will incur additional charges or be rejected.)

FILE PREPARATION

PRODUCT TEMPLATES - showdowndisplays.com
Graphic templates can be found in the "Graphic Templates" tab on each product page of our website. Graphic dimensions are subject to change without notice.

REQUIREMENTS
Documents must be print ready and submitted at 100% final size, with no additional manipulation necessary; additional charges may apply if these terms are not met. Before submitting artwork, convert all text to outlines, paths or curves to ensure exact duplication of type style. Alterations to submitted artwork will result in a necessary proof approval, which may delay production time. We reserve the right to delay or reject any order based on the quality of the artwork received.

We also reserve the right to make slight alterations to your file to adapt to our printing process. Some thin lines or small shapes may not reproduce at the size or thickness submitted. Multicolor close-registration prints are not available on all products.

Please see page 224 for specific information relating to each print method.

ARTWORK SUBMISSION & PROOFING

UPLOADING ARTWORK
For the fastest and most efficient artwork processing, please submit art via our website:

https://www.showdowndisplays.com/artwork

You must have an account and be logged in. Our factory will not be held responsible for any server malfunction that affects the receipt of your files.

ELECTRONIC PROOFS
Proofs are provided electronically in PDF format. These depict a low-resolution representation of the final product and should not be used for final color output or image resolution. Additional proofs may incur a proof revision charge of $10.00(G) each, plus additional design time. Proof approvals must be submitted via our online proofing system before production will begin.

All proof approvals received after 12:00 PM Central will be counted as received on the next business day. Production time begins after the final proof approval is received.

GRAPHIC DETAILS

ERRORS
We will not be held responsible for errors resulting from copy that was received or approved incorrectly.

TYPESETTING
Our normal art setup fee includes up to three lines of copy. If a specific font is required, the name of that font must be noted on your purchase order. If we do not have the desired font, the type will be re-set using a standard font or one that matches the desired font as closely as possible.

CHANGE OF COPY CHARGE
Whether for a new or repeat order, any request for an addition, deletion or change to the copy in a vector artwork file will result in an **$10.00(G) Change of Copy Charge**.

REPEAT ORDERS
There are no setup fees for exact repeat orders placed within two years of original order. Any artwork older than two years must be resubmitted. Proof approvals are required on all repeat orders.

ARTWORK THAT HAS BEEN ALTERED IN ANY WAY CANNOT BE CONSIDERED FOR A REPEAT ORDER
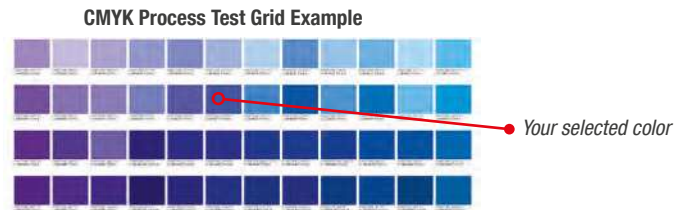

COLOR

COLOR POLICY
All of our products are printed CMYK (process color). If your artwork requires a specific color, please request a test grid (see below). **WE CANNOT GUARANTEE COLOR MATCHING.**

TEST GRID*
If you are concerned about a specific color, we suggest ordering a test grid. Test grids are printed samples of your requested PMS (spot) color and its surrounding color family (e.g. reds, blues, etc.). These test grids contain the CMYK (process color) equivalent of PMS colors. The vast majority of PMS colors cannot be accurately represented in a CMYK printing process. Please state on your purchase order that you are requesting a test grid and the specific PMS color(s) you are trying to achieve.

CMYK Process Test Grid Example

Your selected color

MATCH PRINT*
A match print is a ¼ scale print of an entire art file. This is the most accurate way to represent an entire printed piece, since it will mimic the color and appearance of the piece as a whole, excluding any finishing. Please state on your purchase order that you are requesting a match print so it will be recorded on your order.

TEST STRIPS*
For the most detailed representation of full-size print quality and image resolution, we recommend requesting a test strip. An 8" x 20" section of the art is printed at 100%. Please state on your purchase order that you are requesting a test strip so it will be recorded on your order.

The first test grid, match print and test strip available at no charge (customer to pay freight). Each additional test grid, match print or test strip is $20.00(G) plus freight, expedited charges apply.

Test Strip Example

An 8" x 20" cross section of your actual artwork printed at 100% print size.

COLOR ACCURACY
Our customers deserve the best quality prints and most consistent, accurate color possible. As a G7 Master Qualified printer, we provide industry-leading color accuracy throughout our printing and production processes.

SUBSTITUTIONS
Due to unavoidable style modifications and enhancements to the products within this catalog, we may need to substitute a product with a similar item of comparable cost and style. We reserve the right to withdraw any product offering without prior notification.

DEFINITIONS

SETUP FEE - $20.00(G)
The setup fee represents all costs of preparing print process-ready artwork for production, as well as email proofing and two years of archival storage. There is no setup fee when referencing a previous order within two years of order placement, for the same item using exact previous artwork.

This setup fee will not be applied to orders placed via our website.

PRODUCTION LEAD TIMES
A production lead time is the amount of time it takes our factory to produce a finished product once final proof approval is received. Production lead times are listed for each product on their respective catalog pages and are subject to capacity and inventory levels. Your order will be scheduled within our production lead times or with rush service as requested to meet a required in-hands date. The factory reserves the right to adjust lead times. Customers will be contacted regarding affected orders.

Production begins upon receipt of:
- Complete purchase order
- Payment/credit approval
- Production-ready artwork
- Final proof approval

Your order will ship on or before the scheduled ship date via the freight method requested on the purchase order.

PROP 65 APPROVED
All of the products in this catalog have been tested and have passed Proposition 65 standards. Every one of these products can be sold in the state of California without a Prop 65 warning label.

QUICK SHIP 24-HOUR OR 48-HOUR QUICK SHIP
Completed purchase order, payment and production-ready artwork must be received by 5:00 p.m. Central. Orders must be placed via our website. Established credit terms or credit card payment will be due at the time of order placement. Quick Ship item numbers must be used when placing orders for this program. Order drop ships from our factory on the next business day (24-Hour Quick Ship) or within two business days (48-Hour Quick Ship) via UPS or FedEx only.

- Proofs are not available; accuracy of the artwork is the customer's responsibility
- Our factory will not be held responsible for any delays in the shipment due to discrepancies with the artwork and/or purchase order
- Virtual samples and design services are not available
- Quick Ship items cannot be combined with items that have regular lead times on any purchase order
- Artwork setup fee is included in the price
- Maximum quantity per order per day, indicated by end-column quantity
- This program is subject to availability

RUSH CHARGES/FEES
For products not included in our Quick Ship program, rush service is available; this requires a prior approval by Customer Care. All documents received after 12:00 p.m. Central will be counted as received on the next business day. Same-day service is not available.

Standard rush charges:
Subtract one business day from product lead time = $75.00(G)
Subtract two business days from product lead time = $125.00(G)

WARRANTY
All of our products are designed to be cost effective and durable. Unless otherwise stated on the product's catalog page, standard hardware warranty is a one-year parts and labor warranty, which warrants product against defects in material or workmanship. Warranties do not cover damage due to accidents, abuse, or normal wear and tear. Products found to be defective will be replaced or repaired at the discretion of our factory.

TRADEMARKS
By submitting artwork to our factory, the customer assumes full responsibility for its use. Our factory will not be held responsible for submitted artwork that violates applicable laws or restrictions.

We are proud to partner with

common**hope**

Our corporate philosophy is to provide opportunity and security for all our employees. In recent years, we've extended this philosophy beyond our walls through our partnership with Common Hope.

Through Common Hope, our employees now sponsor more than 90 children in Guatemala. We help these children acquire high-school-level education in a country where the average adult has received only 5.4 years of schooling. We've had several volunteer teams travel to Guatemala, where they've helped build homes and organize classroom activities.
